Ovation Pole Operated Yoke – 8″

A manually operated yoke for select 8″ Ovation Fresnels and Reve F-3 fixtures, allowing safe pan and tilt adjustments from the ground using a standard operating pole.
Ideal for studio, theatre, or broadcast applications where fixtures are mounted out of reach and require frequent repositioning without the use of a ladder.

- Enables safe and precise fixture repositioning from the ground level.
- Offers full 360° pan and 360° tilt for maximum aiming flexibility.
- Fitted with a Junior Pin for secure mounting to standard studio receivers.
- Operates using a standard pole for seamless integration into existing workflows.
- Eliminates the need for ladders or lifts for frequent focus adjustments.
- Designed for select Ovation F-915FC, F-265WW, and Reve F-3 models.
