

Affinity Rig Kit

The Affinity Rig Kit is a required rigging accessory that uses adjustable connectors to hang and perfectly align Nexus Aw 7x7 and Nexus Aq 5x5 panels from truss or pipe. This kit is essential for any application requiring the suspension of Nexus Aw 7x7 or Nexus Aq 5x5 panels from overhead trussing and pipe systems to create a seamless visual display.

- Provides secure, purpose-built rigging for Nexus Aw 7x7 and Nexus Aq 5x5 panels.
- Features adjustable connectors to ensure precise, pixel-perfect alignment between panels.
- Safely supports a vertical hang of up to 16 panels for creating large arrays.
- Mounts directly to standard 2-inch truss systems for rapid and simple installation.
- Requires only a standard 8mm tool for fast and convenient assembly or adjustment.
- Creates visually seamless arrays by maintaining tight connections between individual panels.

SPECIFICATIONS

Clamp

Load Capacity: 16 Panels (vertical)

Panels (vertical): 16 max. pieces

Fits: 2 inch (50 mm) truss

Weight: 5.2 lb (2.4 kg)
