

## COLORDash Par-18 Barn Doors

A combination barn door and gel frame holder designed for the COLORDash Par-Quad 18 to block excess light and hold color media.

Perfect for theatrical and architectural applications where precise control over the light beam and the prevention of light spill is required.

- Delivers precise beam shaping with four independently adjustable leaves.
- Shields unwanted light spill to maintain focus on key subjects.
- Includes an integrated gel frame for versatile color media application.
- Engineered for a secure, seamless fit on COLORDash Par-Quad 18 fixtures.
- Provides a polished, theatrical aesthetic for professional installations.
- Built with a rugged metal housing for dependable performance and durability.
