

COLORDash Par-7 Barn Doors

A dedicated barn door and gel frame holder accessory designed to precisely direct and focus the light beam from the COLORDash Par-Quad 7.

Perfect for theatrical, broadcast, or event applications where precise beam shaping, spill reduction, and the use of colored gels are required.

- Features four adjustable leaves for precise manual beam shaping.
- Eliminates unwanted light spill for cleaner, more focused stage looks.
- Includes an integrated gel frame holder for creative color modification.
- Custom-designed for a secure, seamless fit on COLORDash Par-Quad 7 fixtures.
- Provides sharp beam control essential for broadcast and theatrical applications.
- Adds a professional, finished appearance to your lighting rig.
