

COLORado Solo Bar 6 – Stealth Dome

This durable polycarbonate dome raises the final optic and wraps around the bar, creating a much wider viewing angle for smoother direct-view applications.

Its smoked grey color acts as a neutral density frost, helping the fixture blend into the background for a clean, unobtrusive look when off.

- Accessory for the COLORado Solo Bar that creates a smoother look for direct-view applications
- Raises the final optic and wraps around for wider viewing angles
- Smoked grey “Stealth” color acts as a neutral density frost, and helps the fixture disappear when off
