

## CTC-50HCBLK

A heavy-duty, black anodized clamp equipped with a threaded M12 bolt, offering a robust 1,650 lb (750 kg) load capacity for secure rigging. Perfectly suited for attaching heavy fixtures and equipment to standard 2-inch (50 mm) truss in professional stage, event, and production environments.

- Engineered to handle substantial loads up to 1,650 lb (750 kg).
- Offers universal compatibility with industry-standard 2-inch (50 mm) truss.
- Features a professional black anodized finish for low visibility on stage.
- Constructed from heavy-duty materials for maximum strength and reliability.
- Simplifies fixture mounting with an integrated M12 threaded bolt.
- Provides a robust foundation for rigging heavy fixtures with total confidence.
