

## CTC-50HCNBLK

A black anodized narrow clamp with a threaded M12 bolt securely supports heavy loads up to 1,650 lbs (750 kg) on standard 2-inch (50 mm) truss. Ideal for professional stage, event, and installation applications requiring the secure rigging of heavy lighting, audio, or scenic elements.

- Provides a robust 1,650 lb (750 kg) load capacity for securing heavy equipment.
- Clamps securely onto industry-standard 2-inch (50 mm) truss tubing.
- Features a black anodized finish for durability and low visibility on stage.
- Offers a narrow design for flexible positioning where truss space is limited.
- Equipped with a threaded M12 bolt for direct and secure mounting of fixtures.
- Ideal for heavy-duty rigging in touring, theatrical, and installation environments.
