

DRB-CURVEKITX2

A set of four brackets, with two 5-degree and two 10-degree options, engineered to add a concave curve to dual function rig bars.

Perfect for creating visually engaging concave video walls or creative lighting arrangements in stage, event, or installation settings.

- Engineered for CHAUVET Professional F2, F4IP, F5IP, and Vivid 4 panels.
- Offers multiple curving options with included 5-degree and 10-degree brackets.
- Allows for rapid, tool-free setup using secure quarter-turn latches.
- Enables the construction of immersive, concave video wall arrangements.
- Provides secure, reliable connections between dual function rig bars.
- An essential accessory for building non-linear video or lighting displays.
