

# DRB-F100CM

A newly designed, dual-function rig bar engineered for both overhead hanging and ground stacking video walls with the addition of a ground support kit. Ideal for rental houses, production companies, and installers requiring flexible setup options for deploying video walls in various event environments.

- Supports both vertical and horizontal panel hanging for maximum design flexibility.
- Converts for ground stacking applications with the addition of the GROUND SUPPORT 2KIT.
- Designed for seamless integration with CHAUVET Professional F-series video panels.
- Features integrated hoist rings compatible with standard 1/2-inch and 5/8-inch shackles.
- Employs a magnetic system to ensure quick and precise alignment of multiple rig bars.
- Built with an IP65 rating for reliable performance in all-weather outdoor environments.
