

## ÉPIX Line 10 IP S

This compact, half-meter IP65 linear fixture delivers vivid, wide-gamut RGB color and includes three optical filters for varied viewing angles and looks.

Native ÉPIX Mapping System compatibility enables fast, scalable video mapping for demanding touring, rental, and permanent integration projects.

- **Outdoor-Rated Pixel Strip** – Linear LED strip with 10 mm pixel pitch delivers vivid, wide-gamut RGB color for dynamic architectural and entertainment applications.
- **Flexible Connectivity & Optics** – Standard 4-pin XLR connectors and three included optical filters support multiple use cases, including wide viewing angles.
- **Compact & Serviceable Design** – Slim form factor simplifies integration into tight spaces, while full repairability ensures long-term reliability and lower service costs.
- **Streamlined Setup** – Native compatibility with the ÉPIX Mapping System and MVR support makes configuration fast and intuitive.
