

# ÉPIX Mounting Bracket: +/- 120° Angling Adapter

This mounting accessory securely couples ÉPIX Line 10 IP fixtures, enabling a wide +/- 120° angle range for maximum rigging and design flexibility.

Build custom geometric shapes and dynamic configurations for touring rigs or permanent installations, delivering creative freedom for linear lighting and video designs.

- Mounting Accessory for ÉPIX Line 10 IP that enables angling fixtures up to 120° in either direction.
