

Ground Stack Kit

A complete and scalable ground support solution for stacking a wide range of video panels to create flat, convex, and concave video walls. Perfectly suited for touring productions, festivals, and corporate events requiring a versatile and quickly deployable ground-supported video wall.

- Designed for CHAUVET Professional REM, F2, F3, F4, and F5 series video panels.
- Accommodates flat, convex (2.5°/5°), and concave (5°/10°) video wall configurations.
- Supports video walls from 1.5m to 2m wide and up to 3m high per kit.
- Features a scalable design to combine multiple kits for constructing wider walls.
- Includes an integrated, climbable platform to simplify the assembly of taller walls.
- Ships in a durable road case for convenient transport, setup, and teardown.
