

## MT-07

A universal, battery-powered vacuum tool that provides safe and even pulling force for the damage-free removal and installation of LED modules from all CHAUVET Professional video panels.

Ideal for technicians performing quick, on-site front-service maintenance and module replacement on video walls in any setting.

- Creates a secure vacuum seal to apply even pulling force on LED modules.
- Offers universal compatibility with all CHAUVET Professional F-series and REM-series video panels.
- Features a convenient battery-powered design for unrestricted use in any environment.
- Engineered for the safe, damage-free removal and installation of delicate LED modules.
- Simplifies front-service access for rapid on-site video wall maintenance and repairs.
- Includes a dedicated battery charger and a protective carry case for portability.
