

onAir Panel 2 IP Studio Barndoor

A specialized accessory designed to control light spill and eliminate unwanted glare from a luminaire.

Ideal for theatrical stages and architectural installations where focused illumination is critical.

- Provides precise, manual control over the beam's edge and shape.
- Effectively masks light from scenery, cameras, and the audience.
- Features four independently adjustable leaves for versatile and creative beam shaping.
- Designed for a seamless and secure fit with the onAir Panel 2 IP fixture.
- Rugged, all-metal construction ensures durability for touring and production environments.
- Enables sharp, focused cuts for key lighting in broadcast and theatrical settings.
