

## Ovation Ellipsoidal HD Zoom Lenses

A universally compatible lens tube for standard ERS-style fixtures, featuring high-precision HD optics encased in a rugged housing and shipped with a standard gel frame.

Perfectly suited for the demanding environments of touring, broadcast, and theatrical production where durability and high-quality optical performance are required.

- Available in two versatile zoom ranges: 15°–30° and 25°–50° for flexible field angles.
- Features a dual aspheric lens system for exceptionally crisp, precise gobo projections.
- Offers independent control of beam angle and focus for superior lighting flexibility.
- Provides a fully adjustable focal length for precise beam shaping in any application.
- Includes a replacement fixture yoke for improved balance and more versatile positioning.
- Features an integrated gel frame holder for quick and simple color media application.

### SPECIFICATIONS
