

Premium Haze Fluid (PHF)

A specially formulated, water-based fluid that generates a thin, clean haze and is nontoxic, nonflammable, unscented, and leaves no residue.

This fluid is designed for optimal performance and use within the CHAUVET Professional Amhaze line of haze machines.

- Creates a fine, evenly dispersed haze to accentuate lighting effects.
- Engineered for peak performance and reliability in Amhaze series hazers.
- Produces a long-lasting haze with an extended atmospheric hang time.
- Features a nontoxic, nonflammable, and unscented water-based formula.
- Leaves no residue, ensuring fixtures and surfaces remain clean.
- Generates a clean, transparent haze that will not obscure the stage.
