

powerCON Extension

This rugged, tour-ready cable features a 20 A rated powerCON connector that provides secure, reliable power linking for professional lighting and video systems.

It ensures stable connections in demanding concert, broadcast, and event environments where accidental disconnections and setup speed are critical.

- Extremely robust, reliable, tour-ready power linking cable
- Fast, easy to use twist-to-lock system
- 20A, 250 VAC connector is compatible with many fixtures
- 3 contacts for line, neutral and pre-mating safety ground
