

## REM-RB50CM-2 IP Curve

The REM-RB50CM IP Curve is a rugged, IP65-rated rig bar with an integrated curve receiver designed for both overhead hanging and ground stacking of REM 1 and REM 3 IP video panels.

Ideal for production and rental applications requiring a versatile, weather-resistant mounting solution for either flying or ground-stacking video walls.

- Offers versatile functionality for both overhead hanging and ground stacking applications.
- Engineered for REM 1 and REM 3IP panels; not compatible with F-series rig bars.
- Built with a rugged, IP65-rated housing for dependable all-weather operation.
- An integrated curve receiver enables seamless convex or concave video wall designs.
- Supports secure ground stacking configurations using the optional GROUND STACK KIT.
- Includes a DRB-CTC attachment bracket for direct connection to TRUSST CTC-50HC clamps.
