

RIGLINK Combo Cables

An IP65-rated combo cable delivering both power and reliable DMX lighting data in a single, ruggedized line secured by production-grade Seetronic® connectors. Perfect for touring productions, festivals, and outdoor events requiring a single, durable, all-weather cable for both power and lighting control.

- Delivers clean signal transmission with individually insulated conductors and 110 Ω impedance.
- Built for touring and outdoor events with a rugged, all-weather IP65-rated construction.
- Guarantees secure connections with professional-grade Seetronic® power and data connectors.
- Speeds up setup with color-coded connectors for immediate identification of cable lengths.
- Built with certified components compliant with global safety standards for worldwide touring use.
- Available in multiple lengths with both meter and feet markings for international convenience.

SPECIFICATIONS

Construction / Physical	Electrical
<p>Conductor Specification: 2 x 0.34mm² (22AWG) & 3 x 2.07mm² (14AWG)</p> <p>Conductor Structure: OFC 19/0.15TC & 66/0.20BC</p> <p>Insulation Material: HDPE & PVC</p> <p>Insulation OD: 1.4mm & 3.0mm</p> <p>Filler: Cotton & PPR</p> <p>Wrapping Tape: Non-woven fabric</p> <p>Shield Structure: Tinned copper wire, 82% AL, 100% coverage</p> <p>Middle Quilt: PVC</p> <p>Outer Jacket Material: PVC (Black)</p> <p>Outer Diameter: 16.5 ± 0.2mm</p> <p>Temperature Rating: -20°C – 70°C</p> <p>IP Rating: IP65</p>	<p>Withstand Voltage: 0.5/1.5 AC kV/min</p> <p>Conductor Resistance: 25.98 Ω/km & 7.98 Ω/km</p> <p>Capacitance between Connectors: 100pF/m</p> <p>Conductor shields capacitance: 180pF/m</p> <p>Impedance: 110 Ω</p>
	Cable
	<p>Metric: 1m, 3m, 5m, 10m</p> <p>Imperial: 1.5ft, 5ft, 10ft, 25ft</p>

VARIATIONS

Length	SKU	Description
1.5FT	RIGLINKCOMBO18IN	RIGLINK Combo Cables – 1.5FT
