

WELL CONNECT

The WELL CONNECT is a compact, battery-powered wireless transceiver that enables robust W-DMX/CRMX data transmission and flexible, app-driven control over any lighting system.

Ideal for event professionals and system integrators seeking a portable and versatile solution to effortlessly make an entire lighting rig or individual fixtures wireless.

- Offers versatile control via the ConnectFX app, W-DMX, CRMX, Art-Net, and sACN protocols.
- Delivers up to 12 hours of operation from its battery or continuous power via USB-C.
- Enables intuitive wireless control and scene creation directly from the ConnectFX app.
- Features onboard playback to trigger pre-programmed scenes directly from the unit's display.
- Built with a rugged aluminum housing and an M12 thread for secure mounting in any environment.
- Allows for easy firmware updates and configuration through a simple web-based user interface.

SPECIFICATIONS

Construction / Physical

Dimensions: 6.89 x 7.01 x 2.56 in (175 x 178 x 65 mm)

Weight: 1.8 lb (0.9 kg)

Exterior Color: Black

Housing Material: Aluminum alloy

Connections

Power Input: USB-C

Data Connectors: 5-pin XLR IN/OUT, USB-A Female, RJ45

Control

Control Protocol: Chauvet CONNECT app, Art-Net, DMX, W-DMX, sACN

Electrical

Input Voltage: 5 VDC, 2A via USB-C

Battery

Battery type: Lithium Ion

Rechargeable: Yes

Battery Charge Time: 8 hours

Battery Life: 12 hours

Battery Power: 12 V, 24 Ah

Certifications / Qualifications

Certifications: CE, FCC, UKCA

IP Rating: IP20, dry location

Temperature (Ambient): -4 °F to 113 °F (-20 °C to 45 °C)

Required Accessories

Required Software: Chauvet CONNECT app

Optional Accessories

VIP Signal Distributor, VIP Media Server

What's Included

WELL CONNECT

EPSU USB-A

USB-A to USB-C cable
