

WELL POD 3 60X10° Filter Pack

A four-pack of 60 x 10° elliptical filters, housed in convenient magnetic frames, designed to shape the light beam of the WELL POD 3 fixture. Ideal for applications requiring a linear wash of light, such as illuminating pathways, grazing walls, or highlighting specific architectural elements.

- Creates an elliptical 17.9° by 41.7° beam for wide, linear wash applications.
- Attaches magnetically for effortless, tool-free installation and quick on-site adjustments.
- Maintains powerful output, delivering up to 2683 lumens when on AC power.
- Shipped in a convenient four-pack for simplified ordering and inventory management.
- Features a compact design that allows for simple storage inside the charging case.
- Includes a double notch on the frame for clear, tactile identification of the filter.
